

NEW
B4022 **BREAK
THRU**

With Brevant® seeds canola BreakThru hybrids, you get a step change in yield performance.

Highest-yielding Optimum® GLY hybrid with Clubroot and Blackleg resistance.

B4022 is the highest yielding Optimum® GLY hybrid in the Brevant® seeds canola lineup. It features resistance to multiple Clubroot pathotypes and excellent Blackleg protection with both seedling and adult resistance. With Optimum® GLY herbicide tolerance and B4022's strong yield potential, you get enhanced weed control without sacrificing performance.

Yield Data		Product Attributes
